Hi Glenn,

I've attached some responses to questions raised in your notes page for the outline.

(b) (5)

Thanks,
Barb

Subject: Re: Mining Scenario

Since there were no more comments after Bob's, I took another stab at the outline for the mining scenario. I also started a notes page where we can discuss how we are going to proceed. Please, everyone add to or comment on the notes and outline. We need to start making some progress on this.
